SENATOR FITZGERALD: Myself personally?

SENATOR NICHOL: Yes.

SENATOR FITZGERALD: Speaking as one member of the Committee, myself personally, I am going to vote against the bill.

SENATOR NICHOL: Okay. I notice in the bill book that we have one person supporting the bill. That is Mr. Landis and one gentleman opposing it and one gentleman giving some information on it. I haven't had any clamoring from my district for this type of a commission. I just think perhaps that we ought to have a little look at this before we go ahead and appoint another commission to make another study on something that perhaps that would figure out what we already know as the problems.

SPEAKER MARVEL: Senator Clark.

SENATOR CLARK: Mr. President, members of the body, I have about the same concern with this. I just can't possibly see how we can set up another commission in a bill when this is the the same thing the Legislature does all the time is to make these studies and I just don't think it is wise for us to go off on this course, set up another commission, twelve members of a commission paid under ordinary expenses all the way through here, when the Legislature can do the same thing. We do it all the time and I really just can't see any need for the bill so I am certainly not going to support the bill under any condition.

SPEAKER MARVEL: Senator Maresh, do you wish to be recognized?

SENATOR MARESH: Call for the question, Mr. Speaker.

SPEAKER MARVEL: The question has been called for. Do I see five hands? I do. The question before the house is, shall debate cease. All those in favor vote aye, opposed vote no. Have you all voted? The question before the house is, shall debate cease. I will call for the vote once more. Do you wish to cease debate? Record.

CLERK: 25 ayes, 4 nays to cease debate.

SPEAKER MARVEL: Debate is ceased. The Chair now recognizes Senator Newell.

SENATOR NEWELL: I move the bill. That is it.
